The accounts payable process starts with collecting supply requirements from within the organization and seeking quotes from vendors for the items required. Compared to other OECD countries, U.S. healthcare costs are one-third higher or more relative to the size of the economy (GDP). According to the CDC, during 2015, health expenditures per-person were nearly \$10,000 on average, with total expenditures of \$3.2 trillion or 17.8% of GDP.
