Sonika Keturah Jermina Mckie (born October 21, 1988), known simply as Sonika, is a Grenadian singer-songwriter and recording artist based in the Eastern Caribbean island of Grenada.

Born in St. George's, Grenada, her professional career began when she was approached by the Manager of Metronome Records, Nima Anvar, who had seen her performance on May 29, 2010 at the Grenada Best Talent Competition Final. Shortly after this, Anvar offered Sonika an opportunity to be managed by him and to develop her career. During 2011, Sonika accepted the offer.

Under Anvar's management, Sonika was introduced to an organized method for approaching her development as a serious artist. In the process, Anvar pulled in a team of persons to develop Sonika into an international artist.

List of data breaches

Computer["www.inforisktoday.com. Retrieved 2024-06-17. Ashok, India. "Elance data breach: Hacker leaks 1.3 million accounts from staffing platform"](#)

This is a list of reports about data breaches, using data compiled from various sources, including press reports, government news releases, and mainstream news articles. The list includes those involving the theft or compromise of 30,000 or more records, although many smaller breaches occur continually. Breaches of large organizations where the number of records is still unknown are also listed. In addition, the various methods used in the breaches are listed, with hacking being the most common.

Most reported breaches are in North America, at least in part because of relatively strict disclosure laws in North American countries. 95% of data breaches come from government, retail, or technology industries. It is estimated that the average cost of a data breach will be over \$150 million by 2020...

The result was delete. After examining the editing histories of Phi Beta, Teotocopulos and DishingSevens, I agree with Biruitorul that it is likely that their "keep" opinions were externally canvassed, either through the Elance.com advertisements linked to in the discussion, or otherwise. These opinions are consequently discounted. The result was delete. There is a clear consensus that the subject of the article is not notable and that the purpose of the article is to promote its subject (note the latter reason derives from more than the mere allegation of paid editing; paid editing not being a reason in and of itself for deletion).
