Rhinoceros Tap: and 14 Other Seriously Silly Songs is an album released by Boynton Recordings in 1996, owned by author Sandra Boynton. style. For unusual contributions that are of greater levity, see Wikipedia:Silly Things. In this list, a star () indicates a featured article. A plus (+)*

Of the over seven million articles in the English Wikipedia there are some articles that Wikipedians have identified as being somewhat unusual. These articles are verifiable, valuable contributions to the encyclopedia, but are a bit odd, whimsical, or something one would not expect to find in Encyclopædia Britannica. We should take special care to meet the highest standards of an encyclopedia with these articles lest they make Wikipedia appear idiosyncratic. If you wish to add an article to this list, the article in question should preferably meet one or more of these criteria:

The article is something a reasonable person would not expect to find in a standard encyclopedia.
