San Remo Manual

The San Remo Manual on International Law Applicable to Armed Conflicts at Sea was adopted in June 1994 by the International Institute of Humanitarian

The San Remo Manual on International Law Applicable to Armed Conflicts at Sea was adopted in June 1994 by the International Institute of Humanitarian Law after a series of round table discussions held between 1988 and 1994 by diplomats and naval and legal experts. It is "the only comprehensive international instrument that has been drafted on the law of naval warfare since 1913."

Pacific Solution

The Pacific Solution is the name given to the government of Australia's policy of transporting asylum seekers to detention centres on island nations in

The Pacific Solution is the name given to the government of Australia's policy of transporting asylum seekers to detention centres on island nations in the Pacific Ocean, rather than allowing them to land on the Australian mainland. Initially implemented from 2001 to 2007, it had bipartisan support from the Coalition and Labor opposition at the time. The Pacific Solution consisted of three central strategies:

Thousands of islands were excised from the Australian migration zone and Australian territory;

The Australian Defence Force commenced Operation Relex to intercept vessels carrying asylum seekers (SIEVs);

The asylum seekers were removed to detention centres in Nauru and on Manus Island, Papua New Guinea, while their refugee status was determined.

A number of pieces of legislation enabled...

Lanyon Solutions

many of Lanyon's existing solutions. Formed in early 2014 with the merger of Active Network Business Solutions Group and Lanyon, Lanyon Solutions expanded

Lanyon Solutions, Inc. was a privately owned, software-as-a-service (SaaS) company that provided cloud-based software to manage meetings, events and travel. Lanyon's software supported a range of clients including corporations, hotels, associations, tradeshow, convention and visitor bureaus (CVBs), and intermediaries in the meetings, events and travel space. It was merged into Cvent in 2017.

National Association of Sewer Service Companies

the awareness of aging underground infrastructure and to provide viable solutions through education, technical resources and industry advocacy". NASSCO's

The National Association of Sewer Service Companies (NASSCO) is a not-for-profit North American trade organization, established in 1976 "to increase the awareness of aging underground infrastructure and to provide viable solutions through education, technical resources and industry advocacy". NASSCO's intent is to research, train and educate members and non-members on rehabilitation of underground utilities

using trenchless technology. Ultimately, NASSCO is committed to set the "industry standards for the rehabilitation of underground pipelines, and to assure the continued acceptance and growth of trenchless technologies".

Microdata Corporation

which became part of Northgate Information Solutions (April 2000). which was acquired by NEC in 2018 and rebranded to NEC Software Solutions UK in 2021. The

Microdata Corporation was an American minicomputer company which created the Reality product line featuring the Pick operating system.

In its history, Microdata

was taken over by its international distributor CMC Leasings (December 1969),

which in turn was taken over in 1983 by McDonnell Douglas Corporation (March 1983),

that division was spun off as McDonnell Douglas Information Systems (1993)

which became part of Northgate Information Solutions (April 2000).

which was acquired by NEC in 2018 and rebranded to NEC Software Solutions UK in 2021.

The company was initially formed as a hardware company.

Independently, TRW, in fulfillment of a mid-1960s US government contract to build software to track inventory, developed a database system named Generalized Information Retrieval Language System...

NOAA Diving Manual

The NOAA Diving Manual: Diving for Science and Technology is a book originally published by the US Department of Commerce for use as training and operational

The NOAA Diving Manual: Diving for Science and Technology is a book originally published by the US Department of Commerce for use as training and operational guidance for National Oceanographic and Atmospheric Administration divers. NOAA also publish a Diving Standards and Safety Manual (NDSSM), which describes the minimum safety standards for their diving operations. Several editions of the diving manual have been published, and several editors and authors have contributed over the years. The book is widely used as a reference work by professional and recreational divers.

Appointment scheduling software

provides an overview of the evolution of appointment scheduling software, from early manual methods to modern cloud-based systems. The origins of appointment

Appointment scheduling software or meeting scheduling tools allows businesses and professionals to manage appointments and bookings. This type of software is also known as appointment booking software and online booking software.

Nokia Asha 200/201

browser with supported technologies of Javascript 1.8, XHTML, WAP 2.0, HTML 4.0 (XHTML 1.1). Available email solutions for device are: Hotmail, Yahoo! Mail

The Nokia Asha 200 (dual SIM) and Nokia Asha 201 (single SIM) are budget-level QWERTY keyboard mobile phones released in Q4 2011 as part of the Nokia Asha line. Both devices run the Nokia Series 40 mobile operating system. There is no direct predecessor of the phones, though the closest to it is the Nokia X2-01, which has similar features and a very similar user interface, as well as having better music capabilities. The Nokia C3 is also an indirect predecessor, also using similar features, though the C3 is a higher end device. The phones are successors to the Nokia X1-01, as they use the same bright colors and

the same Dual SIM support for Nokia Asha 200.

East Perth railway station

Machine History of Western Australian Railways & Stations History at a Glance Public Transport Authority Higham, G. J; Geoproject Solutions (2006), Where

East Perth railway station is located on the Midland, Airport, and Ellenbrook lines in Perth, Western Australia. It is operated by Transperth serving the suburb of East Perth. It is adjacent to the East Perth Terminal and Public Transport Centre.
