Grey import vehicle

highways. In 2021, Maine began deregistering third-generation Mitsubishi Delica vans that were legally imported through the dispensation by classifying

Grey import vehicles are new or used motor vehicles and motorcycles legally imported from another country through channels other than the maker's official distribution system or a third-party channel officially authorized by the manufacturer. The synonymous term parallel import is sometimes substituted.

Car makers frequently arbitrage markets, setting the price according to local market conditions so the same vehicle will have different real prices in different territories. Grey import vehicles circumvent this profit-maximization strategy. Car makers and local distributors sometimes regard grey imports as a threat to their network of franchised

dealerships, but independent distributors do not since more cars of an odd brand bring in money from service and spare parts.

In order for the arbitrage...
