Low back pain or lumbago is a common disorder involving the muscles, nerves, and bones of the back, in between the lower edge of the ribs and the lower fold of the buttocks. Pain can vary from a dull constant ache to a sudden sharp feeling. Low back pain may be classified by duration as acute (pain lasting less than 6 weeks), sub-chronic (6 to 12 weeks), or chronic (more than 12 weeks). The condition may be further classified by the underlying cause as either mechanical, non-mechanical, or referred pain. The symptoms of low back pain usually improve within a few weeks from the time they start, with 40-90% of people recovered by six weeks.

In most episodes of low back pain a specific underlying cause is not identified or even looked for, with the pain believed to be due to mechanical problems...

Opioid use disorder

Luis Alberto Arce Catacora (Latin American Spanish: ['lwis al'βerto 'arse kata'kora]; born 28 September 1963), often referred to as Lucho, is a Bolivian politician, banker, and economist serving as the 67th president of Bolivia since 2020. A member of the Movement for Socialism (MAS), he previously served as minister of finance—later minister of economy and public finance—from 2006 to 2017, and in 2019.

Born in La Paz, Arce graduated as an economist at the University of Warwick. His lifelong career in banking and accounting at the Central Bank of Bolivia prompted President Evo Morales to appoint him as minister of finance in 2006. For over ten years as Morales' longest-serving minister, Arce was hailed as the architect behind Bolivia's economic transformation, overseeing the nationalization...

War on drugs

The war on drugs, sometimes referred to in the 21st century as the war on cartels in contexts of military intervention and counterterrorism, is a global anti-narcotics campaign led by the United States federal government, including drug prohibition and foreign assistance, with the aim of reducing the illegal drug trade in the US. The initiative's efforts includes policies intended to discourage the production, distribution, and consumption of psychoactive drugs that the participating governments, through United Nations treaties, have made illegal.

The term "war on drugs" was popularized by the media after a press conference, given on June 17, 1971, during which

President Richard Nixon declared drug abuse "public enemy number one". Earlier that day, Nixon had presented a special message to the...
