Television in the Republic of Ireland is available through a variety of platforms. The digital terrestrial television service is known as Saorview and is the primary source of broadcast television since analogue transmissions ended on 24 October 2012. Digital satellite (from Sky Ireland, Saorsat and other European satellite service providers are available) and digital cable (from Virgin Media Ireland) are also widely used.

Gamergate

exposed documents relating to Fish's company, Polytron. As a result, Fish left the gaming industry and put Polytron up for sale, calling the situation "unacceptable"

Zoë Tiberius Quinn (born 1987) is an American video game developer, programmer, and writer. Quinn developed the interactive fiction game *Depression Quest*, which was released in 2013. In 2014, a blog post by their ex-boyfriend sparked the online harassment campaign known as Gamergate, during which Quinn was subjected to extensive harassment including doxing, rape threats, and death threats. The following year, Quinn co-founded Crash Override, a crisis hotline and resource center for victims of online harassment.
