

Manual De Ford Focus 2001

Ford Laser

The Ford Laser is a compact car, originally a subcompact car in the first three generations, which was sold by Ford in Asia, Oceania, and parts of South

The Ford Laser is a compact car, originally a subcompact car in the first three generations, which was sold by Ford in Asia, Oceania, and parts of South America and Africa. It has generally been available as a sedan or hatchback, although convertible, wagon and pick-up versions have also been available in different markets. The sedan, and briefly station wagon, versions were badged Ford Laser and Meteor in Australia between 1982 and 1987. The Ford Meteor name was also used in South Africa.

The Ford Laser was a restyled version of the Familia/323 models produced by Mazda in Japan from 1980 onwards. Ford had acquired a 25% stake in Mazda in 1979.

Platform and assembly-line sharing with the locally produced Mazda Familia in Japan allowed the Laser in that market to be offered with a plethora of...

Ford Ranger (Americas)

carried over. During the 2001 model year, the 2.5 L engine was replaced by a 2.3 L DOHC engine (later also used by the Ford Focus). The same year, the Ranger

The Ford Ranger is a range of pickup trucks manufactured and marketed by Ford Motor Company in North and South America under the Ford Ranger nameplate. Introduced in early 1982 for the 1983 model year, the Ranger is currently in its fifth generation. Developed as a replacement for the Mazda-sourced Ford Courier, the model line has been sold across the Americas; Ford of Argentina began production of the Ranger for South America in 1998.

Through its production, the model line has served as a close rival to the Chevrolet S-10 and its Chevrolet Colorado successor (and their GMC counterparts), with the Ranger as the best-selling compact truck in the United States from 1987 to 2004. From 2012 to 2018, the Ranger model line was retired in North America as Ford concentrated on its full-size F-Series...

Ford Explorer

in the Ford-Utilimaster FFV, a delivery vehicle built for the United States Postal Service in 2000 and 2001. A Mazda-produced 5-speed manual was standard

The Ford Explorer is a range of SUVs manufactured by the Ford Motor Company since the 1991 model year. The first five-door SUV produced by Ford, the Explorer, was introduced as a replacement for the three-door Bronco II. As with the Ford Ranger, the model line derives its name from a trim package previously offered on Ford F-Series pickup trucks. As of 2020, the Explorer became the best-selling SUV in the American market.

Currently in its sixth generation, the Explorer has featured a five-door wagon body style since its 1991 introduction. During the first two generations, the model line included a three-door wagon (directly replacing the Bronco II). The Ford Explorer Sport Trac is a crew-cab mid-size pickup derived from the second-generation Explorer. The fifth and sixth generations of the...

Ford Transit

speed manual transmission option is available alongside an 8 speed automatic option. Ford Transit T8 Ford Transit T8 (rear) Ford E-Transit Ford E-Transit

The Ford Transit is a family of light commercial vehicles manufactured by the Ford Motor Company since 1965, primarily as a cargo van, but also available in other configurations including a large passenger van (marketed as the Ford Tourneo in some markets since 1995), cutaway van chassis, and a pickup truck. The vehicle is also known as the Ford T-Series (T-150, T-250, T-350), a nomenclature shared with Ford's other light commercial vehicles, the Ford F-Series trucks, and the Ford E-Series chassis. As of 2015, 8 million Transit vans have been sold, making it the third best-selling van of all time and has been produced across four basic platform generations (debuting in 1965, 1986,

2000, and 2013 respectively), with various "facelift" versions of each.

The first product of the merged Ford of...

Ford Mustang

Ford II wanted T-bird II. As the person responsible for Ford's research on potential names, Eggert added "Mustang" to the list to be tested by focus groups;

The Ford Mustang is a series of American automobiles manufactured by Ford. In continuous production since 1964, the Mustang is currently the longest-produced Ford car nameplate. Currently in its seventh generation, it is the fifth-best selling Ford car nameplate. The namesake of the "pony car" automobile segment, the Mustang was developed as a highly styled line of sporty coupes and convertibles derived from existing model lines, initially distinguished by "long hood, short deck" proportions.

Originally predicted to sell 100,000 vehicles yearly, the 1965 Mustang became the most successful vehicle launch since the 1927 Model A. Introduced on April 17, 1964 (16 days after the Plymouth Barracuda), over 400,000 units were sold in its first year; the one-millionth Mustang was sold within two years...

Ford Escape

The Ford Escape is a compact crossover SUV manufactured and marketed by the Ford Motor Company since the 2001 model year. The first Ford SUV derived from

The Ford Escape is a compact crossover SUV manufactured and marketed by the Ford Motor Company since the 2001 model year. The first Ford SUV derived from a car platform, the Escape fell below the Ford Explorer in size; the Escape was sized between the Ford EcoSport and Ford Edge. The 2005 model year Ford Escape Hybrid was the first hybrid-electric vehicle from Ford, and the first hybrid produced as an SUV.

The first two generations of the Escape used the Ford CD2 platform (jointly developed with Mazda), leading to the release of the rebadged variants, the Mazda Tribute and Mercury Mariner; as with the Escape, both the Tribute and

Mariner were marketed in North America (the Mariner was never marketed in Canada). In Europe, the Escape was initially branded as the Ford Maverick from 2001 to 2008...

Ford Escort (Europe)

2014, Ford revived the Escort name for a car based on the second-generation Ford Focus, sold on the Chinese market. The first use of the Ford Escort

The Ford Escort is a small family car that was manufactured by Ford of Europe from 1968 until 2004. In total there were six generations, spread across three basic platforms: the original, rear-wheel-drive Mk.1/Mk.2 (1968–1980), the "Erika" front-wheel-drive Mk.3/Mk.4 (1980–1992), and the final CE-14 Mk.5/Mk.6 (1990–2002) version. Its successor, the Ford Focus, was released in 1998, but the final generation of Escort was phased out gradually, with the panel van version ending production in 2002 in favour of the Ford Transit Connect.

The Escort was frequently the best selling car in Britain during the 1980s and 1990s. A total of more than 4.1 million Escorts of all generations were sold there over a period of 33 years.

In 2014, Ford revived the Escort name for a car based on the second-generation...

Ford Eifel

(25 kW) at 4250 rpm. The three-speed manual gearbox featured synchromesh on the top two ratios. In Germany, 61,495 Ford Eifels were produced, representing

The Ford Eifel is a car manufactured by Ford Germany between 1935 and 1940. It initially complemented, and then replaced, the Ford Köln. It was itself replaced by the Ford Taunus.

Between 1937 and 1939, it was also assembled in Hungary and Denmark. The Eifel was derived from the Ford Model C (Europe) 1934 platform, and is also related to the Dagenham-built 1938 Ford Prefect and 1939 Ford Anglia.

The model was named after the Eifel mountain range in western Germany.

Mazda Premacy

China. The international version of the Ford Ixion shares the two Mazda Premacy home-market engines. In 2001 the model received minor changes, with the

The Mazda Premacy (Japanese: マツダ・プレマシー, Hepburn: Matsuda Puremashī) also known As the Mazda5 in North America And Europe is a passenger minivan that was built by the Japanese manufacturer Mazda from 1999 to 2018.

The first generation Premacy was built in Japan and exported to Europe and Asia. A rebadged version was sold by Ford in a few Asian markets (including Japan) as the Ford Ixion or Ixion MAV.

The second generation onward was sold outside Japan as the Mazda5. Ford Lio Ho in Taiwan, which assembles Mazda5 for the local market, adapted a re-badged version as the Ford i-Max from 2007 until 2011.

The first generation Premacy was a two- or three-row, five- or seven-passenger vehicle, while the second generation adds a third row of seats for up to six passengers in North American form, and...

List of Ford engines

(111–117 lb·ft) at 4750 rpm (ethanol) Applications: 2017–2023 Ford EcoSport 2018–present Ford Focus 2018–2021 Ford Ka 2018–present 1.5 L EcoBoost I3 The turbocharged

Ford engines are those used in Ford Motor Company vehicles and in aftermarket, sports and kit applications. Different engine ranges are used in various global markets.
