Easy to use- great for tourists and Spanish speakers interested in learning Finnish. As well as Finnish speakers interested in learning Spanish.

New Paths in Theatre Translation and Subtitling

This collection provides an in-depth exploration of subtitling for theatre and its potential in enhancing accessibility and creativity in both the production and reception of theatrical performances. The volume collects the latest research on subtitling, which encompasses translating lyrics or sections of dialogue and projecting them on a screen. While most work has focused on opera, this book showcases how it has increasingly played a role in theatre by examining examples from well-known festivals and performances. The 11 chapters underscore how the hybrid nature and complex semiotic modes of theatrical texts, coupled with technological advancements, offer a plurality of possibilities for applying subtitling effectively across different contexts. The book calls attention to the ways in which agents in theatrical spaces need to carefully reflect on the role of subtitling in order

to best serve the needs of diverse audiences and produce inclusive productions, from translators considering appropriate strategies to directors working on how to creatively employ it in performance to companies looking into all means available for successful implementation. Offering a space for interdisciplinary dialogues on surtitling in theatre, this book will be of interest to scholars in audiovisual translation, media accessibility, and theatre and performance studies.

Spanish Study Guide For the National Social Work Exam

Bel Control Creole Multilingual Dictionary

The Multilingual Dictionary in Creole, English, Spanish, and French is definitely for the polyglots, the philologists, and for anyone who wants to learn, improve, or compare his/her languages. It is not common to see a book written in four languages before. This multilingual dictionary, although it is focused principally on the Haitian Creole, should interest anyone.

Sins of the Fathers

Sins of the Fathers considers sins as nodes of cultural anxiety and explores the tensions between competing organizational categories for moral thought and behaviours, namely the Seven Deadly Sins and the Ten Commandments. Hilaire Kallendorf explores the decline and rise of these organizational categories against critical transformations of the early modern period, such as the accession of Spain to a position of world dominance and the arrival of a new courtly culture to replace an old warrior ethos. This ground-breaking study is the first to consider Spanish Golden Age comedias as an archive of moral knowledge. Kallendorf has examined over 800 of these plays to illustrate how they provide insight into aspects of early modern experience such as food, sex, work, and money. Finally, Kallendorf engages the theoretical terminology of Marxist literary criticism to demonstrate the inherent ambiguity of cultural change.

AAI ATC : Junior Executive (JE) Exam Book 2023 (English Edition) | Airport Authority of India : Air Traffic Control | 12 Practice Tests (1400+ Solved MCQs)

English Medium Instruction Policies as a Form of Symbolic Control

The Inquisition! Just the word itself evokes, to the modern reader, endless images of torment, violence, corruption, and intolerance committed in the name of Catholic orthodoxy and societal conformity. But what do most people actually know about the Inquisition, its ministers, its procedures? This systematic, comprehensive look at one of the most important Inquisition tribunals in the New World reveals a surprisingly diverse panorama of actors, events, and ideas that came into contact and conflict in the central arena of religious faith. Edited and annotated by John F. Chuchiak IV, this collection of previously untranslated and unpublished documents from the Holy Office of the Inquisition in New Spain provides a clear understanding of how the Inquisition originated, evolved, and functioned in the colonial Spanish territories of Mexico and northern Central America. The three sections of documents lay out the laws and regulations of the Inquisition, follow examples of its day-to-day operations and procedures, and detail select trial proceedings. Chuchiak's opening chapter and brief section introductions provide the social, historical, political, and religious background necessary to comprehend the complex and generally misunderstood institutions of the Inquisition and the effect it has had on societal development in modern-day Mexico, Guatemala, El Salvador, Nicaragua, and Honduras. Featuring fifty-eight newly translated documents, meticulous annotations, and trenchant contextual analysis, this documentary history is an indispensable resource for anyone seeking to understand the Inquisition in general and its nearly three-hundred-year reign in the New World in particular.

The Inquisition in New Spain, 1536-1820

Cannabis, or hemp, being just a plant, is illegal in Spain: its use, possession and trade can be punished with prison sentences. Is that because of health reasons, because cannabis can be harmful? This essay will demonstrate that that is not the reason. Is cannabis illegal because it's addictive? Because it's psychoactive? Because it's a drug? Again, no, and this essay will unveil why cannabis constitutes one of the most important crops for humanity, and the actual reasons that lead to its criminalisation. More than 250 million people in the world used drugs in 2018, according to the UN World Report on Drugs. Of all of them, the most popular is cannabis. In Spain, according to the 2020 European Drug Report, in the year 2017,

more than five and a half million people used illegal drugs; beyond that year, the number of adults admitting to having used illegal drugs at least once in their lives reaches 35%, some 16 million people. These figures are a cause of concern for an ample spectrum of society, which link drug use to severe damages to physical and mental health and personal relations, economic ruin, and, ultimately, death. This essay primarily focuses on the history and legal status of cannabis in Spain, but the majority of facts and conclusions could be extrapolated to other drugs and countries, and it's based on the latest scientific and medical research and statistics; but, above all, this essay unveils a conspiracy whose consequences negatively impact the general public in Spain, in a number of different aspects ranging from health, to politics, to corruption, to the economy, to the media, and to the rights enshrined in the Spanish Constitution of 1978.

Cannabis, Spain's Seven Sins

This book, the first anthology in English, links the concerns of Spanish women's history to those of women's history elsewhere in Europe and throughout the world. The contributors, representing the best of the new historical scholarship, expand our knowledge of the general field of Spanish history and contribute to the reconfiguring of European history through the inclusion of the Spanish experience. They tie empirical inquiries into the history of women in Spain to current feminist theoretical concerns, including debates about identity and agency, and they show how "contesting identities" also lead to "contesting categories" and into broad debates about cultural particularism.

Constructing Spanish Womanhood

With the rise of Spanish language media around the world, no reference work is available that provides an overview of the field or its emerging issues. The Handbook of Spanish Language Media is intended to fill that need. The goal is to establish a Handbook that will become the definitive source for scholars interested in this emerging field of study; not only to provide background knowledge of the various issues and topics relevant to Spanish Language media, but also to establish directions for future research in this rapidly growing area.

The Handbook of Spanish Language Media

The Essential Basic, Intermediate and Advanced English Grammar and Composition are a great resource anywhere you go; it is an easy tool that teaches the rules of sentences, noun, verbs, question mark, adjectives, and adverbs; prepositions,
