Ocean Animals Collection (National Geographic Kids Readers, Levels 1 & 2)

Four underwater animal books in one set! Awesome ocean creatures offer so much for young readers to explore in this level 1 and 2 reader collection. Gentle manatees, adorable otters, active sea turtles, and some of the wackiest fish in the sea will interest fact-hungry kids. Follow these playful and smart animals through their aquatic habitats, discover how they live and socialize, and learn about what makes each swimmer lovable and unique. Fascinating animal information is accompanied by wonderful photographs to ensure that kids' natural curiosity is both satisfied AND inspired. Books included: Sea Otters Manatees Sea Turtles Weird Sea Creatures This educationally vetted series of beginning readers features the magnificent images of National Geographic, accompanied by texts written by experienced, skilled children's book authors.

Amazing Creatures of the Gulf of Mexico

The Gulf of Mexico is shaped like a horseshoe. Manatees live along the coasts of the Gulf of Mexico. There are more than 750 known shipwrecks in the Gulf of Mexico. These are just a few of the amazing facts in *Life in the Gulf of Mexico*. This educational exploration book invites young readers, grades 1-4, to learn about the sea creatures who make their home in the Gulf of Mexico, its topography, and vegetation through vibrant photography and captions. Content includes further reading and web site recommendations, as well as a glossary of terms and index.

Face to Face with Manatees

Introduces readers to the life cycle, behaviors, and the natural habitats of manatees living off Florida's southern coast and describes the conservation efforts performed to protect the species.

Manatees

Indexes kept up to date with supplements.

The National Geographic Magazine

Explore facts and photos of a variety of sea creatures, including sharks, manatees, sea turtles, dolphins and more. Learn where they live, what they eat, and what makes each of these creatures unique.

National Geographic

A guide to programs currently available on video in the areas of movies/entertainment, general interest/education, sports/recreation, fine arts, health/science, business/industry, children/juvenile, how-to/instruction.
