Introduction

What content analysis is

The data it works with, primary and secondary

The two types of content analysis

Conceptual content analysis explained

An example: attitudes to women's rights

Relational content analysis explained

An example: sentiment around a candidate

Recap of the two approaches

Strength: flexibility across data types

Strength: it is unobtrusive

Weakness: reliability and subjectivity

Weakness: it can be reductive

Weakness: results rarely generalize

When content analysis is the right choice

When another method fits better

Recap of the key points
